### May 1940

- In the 1940 annual, it stated: "GAA: Girls Athletic Association. The members of GAA were girls in the 7<sup>th</sup> through 10<sup>th</sup> grades. No girl could become a member until she had earned 50 points within a month. The point system was similar to that of last year. The girls were given points for skating, hiking, basketball, skiing, and other sports. The school helped furnish suits for the girls this year. They are of a green material and were made by the women in the WPA sewing room. The money for the suits was earned by the girls at the basketball games where they sold candy and popcorn. This year the school bought letters for the girls who earned the largest number of points. Last year the GAA had to earn money for them because the girls had spent so much money on suits, they had nothing left for the letters. Next year no new seventh graders will be taken in but other upper classmen may join. Eventually this will become a senior high school organization."
- May 29, Commencement at 8:00 p.m. with address by Reverend Olson.
