Student Council was organized as a permanent organization during the 1946-1947 school year. Mr. Buck was instrumental in organizing the group and writing a constitution. Student Council helped set up the lettering system, arranged assembly programs, and planted trees on the school grounds. Today, student council is a school organization that plans activities for the student body. Some of the current activities are Homecoming Week, Snow Days Week, two blood drives, running the concession stand at the home football, volleyball and basketball games.
