

Yearbook Advisor

2014-2015 was the first year the yearbook was created after school, it was part of Community Education program. For many years prior to this, the yearbook was an elective class the students could take during the school day for one class period. The class was an English elective. English teachers Ed Bolton, LouAnn Muhm, and Melinda Crimmins all taught the class. Lynne Gustafson acquired the yearbook when it became a Community Education activity and the students created the yearbook after school. Students could also letter in yearbook.
